

# Parel shoots 65 to begin SAS Championship

Associated Press

CARY, N.C. Scott Parel shot a bogey-free 7-under 65 on Friday to take the first-round lead in the PGA Tour Champions' SAS Championship. The 56-year-old Parel birdied Nos. 5-7 and added four more on the back nine on Nos. 10, 12, 13 and 16 at Prestonwood Country Club. He won the last of his three senior titles in February 2020. "I putted really well today," Parel said. "I hit the ball good. I've been trending in the right direction as far as that's con-

cerned. I worked on my alignment a little bit this week and putted great. The greens are absolutely fantastic, probably the best ones we play all year, Bermuda like I grew up on." Monday qualifier Thongchai Jaidee of Thailand and Robert Karlsson of Sweden were a stroke back. Jaidee birdied his final four holes. "I played great today," Jaidee said. "I missed only one fairway today. I tried

to get my focus to be better this week. I mean like come to qualify, get in this week. The thing is my game is getting better. I picked up the putting a little bit today. I hit a lot of good shots, hit a lot of greens, hit a lot of fairways to give me a chance to hit on the greens." Lee Janzen and Miguel Angel Jimenez were tied for fourth at 67. John Daly was at 68 with 67-year-old Jay Haas, Retief Goosen, David Toms, Tim Petrovic, Scott Dunlap, Stuart Appleby, Alex Cejka, Jeff Sluman, Harrison Frazar, Paul Broadhurst and Brett Quigley.

### NOTICE OF FILING AND PUBLIC HEARING

Application of Chem-Nuclear Systems, LLC, an EnergySolutions Company for Adjustment in the Levels of Allowable Costs and for Identification of Allowable Costs (Fiscal Year 2021-2022)

#### Why is this Notice Important?\*

- The Public Service Commission has scheduled a public hearing.
- The Public Service Commission determines annually the allowable costs of Chem-Nuclear Systems, LLC.
- This Notice is for persons interested in Chem-Nuclear Systems, LLC's annual allowable costs proceedings.
- The Atlantic Interstate Low-Level Radioactive Waste Compact Implementation Act authorizes and directs the Public Service Commission "to identify allowable costs for operating a regional low-level radioactive waste disposal facility in South Carolina."

#### What are allowable costs?

- Allowable costs are "costs to a disposal site operator of operating a regional disposal facility." S.C. Code Ann. Section 48-46-30(1)
- Allowable costs "are limited to costs determined by standard accounting practices and regulatory findings to be associated with facility operations." S.C. Code Ann. Section 48-46-30(1)
- Allowable costs expressly include the costs of certain specifically identified activities necessary in the operation of a low-level radioactive waste disposal facility and include "any other costs directly associated with disposal operations determined by [the Commission] to be allowable." S.C. Code Ann. Section 48-46-40(B)(3)

#### What is Chem-Nuclear Systems, LLC asking the Public Service Commission to approve?

- Fixed Costs
  - Chem-Nuclear Systems, LLC proposes no adjustment for allowable fixed costs in this case.
  - The Application states the actual fixed costs in this case are less than the fixed costs identified in Commission Order No. 2021-412.
- Variable Labor and Non-Labor Costs
  - Chem-Nuclear Systems, LLC proposes an adjustment of \$10,210.22 for variable labor and non-labor costs in this case.
- Vault Costs
  - Chem-Nuclear Systems, LLC proposes no adjustment in the vault costs for this case.
  - The actual incurred total cost for routine disposal vaults was less than the calculated rates in Order No. 2021-412 and the volumes of each type of waste received in Fiscal Year 2020-2021.
- Irregular Costs
  - Chem-Nuclear Systems, LLC requests an adjustment of \$20,192 for irregular costs in this case.
  - Total irregular costs incurred in Fiscal Year 2020-2021 are \$20,192 more than the costs identified in Order No. 2020-412 of \$577,277.
